

CHILDREN'S BIRTHDAY PARTY GUIDELINES

1. EVENT SCHEDULE

PREPARATION AND DECORATION

Before the arrival of the children, our dedicated teacher will prepare the room and decorate it to create a festive atmosphere.

ARRIVAL

Parents drop off their children at the specified time.

DANCE/ ENTERTAINMENT SESSION

The event begins with a dance class led by our instructors.

PARTY TIME

Following the dance session, there will be a free period for eating cake, opening gifts, and playing. Any additional activities that have been booked, such as a bounce house or face painting, will also take place during this time.

REGULAR CLEANING

To maintain a clean and safe environment, our staff conducts regular cleaning 30 minutes before the event and for up to 2 hours after its conclusion. Please note that the use of confetti or any other items that may require extensive cleaning will incur additional cleaning fees.

4. ADDITIONAL INFORMATION

PARTY SIZE

Parties with more than 12 children are possible, but please note that the quality of the experience may diminish because our instructor may not be familiar with all the children. Additionally, the choice of dance style may depend on the children's interest. For non-dancers or boys, hip-hop can be an engaging alternative.

ADDITIONAL ACTIVITIES

Activities such as a bounce house and face painting can only be provided by our jazz, modern, and ballet instructor. Please coordinate with us if you wish to include these options.

PARENT PRESENCE

This event is designed for children, not parents. Only 1 or 2 parents (typically the organizers) are allowed to stay to avoid disrupting the children's dynamics, as they tend to behave differently when parents are present. If parents need a place to wait, there is a pub restaurant (the Memphis) and a sandwich shop with seating in the same building.

PHOTOGRAPHY & VIDEOGRAPHY

Our photographer/videographer can capture the special moments, allowing you to enjoy the party without the hassle of taking photos. Please specify your preferences, such as vertical format for stories or reels, or horizontal format for longer videos. You can also indicate which moments are most important to you, such as the end of the dance session and cake cutting with candle blowing as one hour photographer doesn't cover the 2 or 3 hours event.

LANGUAGE

The language spoken depends on the teacher you choose. If this is important to you, please let us know in advance.
